PROFESSIONAL SUMMARY

Detail-oriented **Frontend Developer** with a passion for building responsive, user-friendly web applications. Proficient in modern styling frameworks like **Tailwind CSS** and core technologies including **JavaScript** and **React**. Proven ability to manage data-driven projects using **Firebase** and collaborate effectively via **Git/GitHub**.

TECHNICAL SKILLS

- **Languages:** HTML5, CSS3, JavaScript (ES6+)
- **Libraries & Frameworks:** React (Basic), Tailwind CSS, Bootstrap
- **Backend & Tools:** Firebase (Authentication & Firestore), Git, GitHub, Netlify/Vercel
- **Design:** Responsive Web Design, UI/UX Principles, Mobile-First Development

KEY PROJECTS

Agrotech Project | *Frontend Developer*

- Developed a modern web platform aimed at connecting farmers with digital tools and resources.
- Implemented a clean, intuitive UI using **Tailwind CSS** to ensure accessibility for various user demographics.
- Optimized images and assets for fast loading speeds on mobile devices.

Artisan Hub | *Frontend Developer*

- Built a service-based marketplace for local artisans to showcase their portfolios.
- Integrated **Firebase** for real-time data handling and user management.
- Designed a searchable database interface using **JavaScript** to filter artisans by category and location.

Hotel Management System | *Frontend Developer*

- Created a comprehensive dashboard for room bookings and status tracking.
- Utilized **React** components to handle dynamic views for available, booked, and maintenance-ready rooms.
- Styled the interface with a sleek, "Tech-Style" dark mode using **CSS Grid and Flexbox**.

E-commerce Website | *Frontend Developer*

- Engineered a fully responsive shopping experience with product listings and a functional cart.
- Managed state for shopping items and user selections.
- Ensured cross-browser compatibility and seamless navigation across all screen sizes.

EDUCATION

- **Relevant Coursework/Certification** *The Studied Web development at SQI college of ICT*
- *Complete Web Development Bootcamp Specialization in Frontend Engineering & Responsive Design*

EXPERIENCE / VOLUNTEERING

Open Source Contributor | *GitHub*

- Maintained various personal repositories and contributed to community projects to improve code documentation and UI bugs.
- Utilized **Git** for version control, branching, and pull requests.
